## 2014 SAGINAW BAY WATERSHED CONFERENCE

### GREAT LAKES RESTORATION INITIATIVE

You asked for it and now you'll get it! Building on the successful 2012 Saginaw Bay Watershed Conference at which more than 200 participated, we are returning to Saginaw Valley State University (SVSU) on Thursday, June 12, 2014. This conference will focus on tools and strategies for protecting water quality, the critical need for action and the development of local policies to protect and restore the Saginaw Bay. Breakout sessions will showcase stakeholder projects addressing various water quality, land use and related restoration issues in the urban and rural parts of the Saginaw Basin. **Mark your calendar now to join us on Thursday, June 12 at SVSU!**
